Hon. Commissioner of Patents and Trademarks

SIR:

There are enclosed herewith three checks, one in the amount of \$505.00, the second in the amount of \$560.00 and the third in the amount of \$75.00.

It has come to the attention of applicant's attorney that the assignee has licensed the subject patent application to a large entity and that this license was in effect when certain payments were made to the Patent Office, said payments having been made in the belief that applicant was entitled to treatment as a small entity. Specifically, with the amendment filed March 3, 1986 in the parent application, applicant paid a late fee of \$195.00, when in fact the fee should have been \$390.00. The filing fee paid with the application was \$225.00, but in fact it should have been \$450.00. The late fee paid with the filing of the first amendment in this application was \$85.00. It should have been \$170.00.

In view of the above the applicant is deficient in the amount of \$505.00. A check in payment of that deficiency is enclosed.

The notice of allowance indicates that the base issue fee is \$280.00. It should be \$560.00. A check in that amount is enclosed.
